EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Daniel A. Tanner, III on Sep. 26, 2005.

The application has been amended as follows: Cancel claims 5-8, 11 and 12.

Reasons of Allowance

2. Claims 1-4, 9 and 10 allowed.

The following is an examiner's statement of reasons for allowance. The closest prior art of record failed to teach or suggest, a measuring unit for measuring a plurality of distances to a plurality of points respectively set on the plurality of targeted adjacent portions, and a processing unit for respectively transforming the plurality of images based on the plurality of distances to obtain a plurality of plane images, the processing unit for resizing the plurality of plane images in order for the plurality of plane images to have the same size. Therefore, in combination with all the other limitations claims 1-4, 9 and 10 are allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
